### **Notice of Competitive Lease Sale Oil and Gas**

The Bureau of Land Management, Eastern States, is pleased to announce that we will offer for competitive sale certain Federal lands in Arkansas (ES-001 thru ES-076), Michigan (ES-077), and Mississippi (ES-078 thru ES-093) for oil and gas leasing.

This notice describes—

1. the time and place of the auction;
2. how to register for and participate in the bidding process;
3. the conditions of the auction;
4. how to file a pre-sale noncompetitive offer, and
5. how to file a noncompetitive offer after the auction.

#### **When and where will the auction take place?**

- When:** The competitive oral auction will begin at **10:00 a.m., on December 16, 2004**. The sale room will open one hour earlier to allow you to register and get your bidding number.
- Where:** We will hold the auction at the BLM, Eastern States, 7450 Boston Boulevard, Springfield, Virginia 22153. Parking will be available at the sale site.
- Access:** The auction room is accessible to persons with disabilities. If you need an auxiliary aid or service to participate in the auction, such as a sign language interpreter or materials in an alternate format, please contact Sherlena Clark at (703) 440-1552 by December 1, 2004.

#### **How do I register as a bidder?**

You have to register and get a bidding number to participate in the sale. A Bidder Registration Form is included in this package. We will have copies available at the auction site. We will begin registering bidders at 9:00 a.m. on the day of the sale.

## **How do I participate in the bidding process?**

The auctioneer will offer the parcels on the list attached to this notice in number order. Only registered bidders may make oral bids. All bids are on a per-acre basis for the entire acreage in the parcel. The winning bid will be the highest oral bid equal to or exceeding the minimum acceptable bid. The decision of the auctioneer is final.

The minimum acceptable bid is \$2 per acre or fraction thereof. If the parcel has fractional acreage, round it up to the next whole acre. For example, a parcel of 100.5 acres requires a minimum bid of \$202 (\$2 x 101 acres). After the auctioneer has offered all parcels, you may request that any unsold parcel be re-offered.

## **What are the terms and conditions of a lease issued as a result of this sale?**

6. **Term of the lease:** A lease is issued for a primary term of 10 years. It continues beyond that if it has production in paying quantities. We charge a royalty of 12.5 percent of the value of oil or gas removed or sold from a lease. You will find other lease terms on our standard lease form (Form 3100-11, June 1988 or later editions).

7. **Stipulations:** Some parcels are subject to surface use stipulations. They are requirements or restrictions on how you conduct operations. These stipulations are included in the parcel descriptions on the attached list. They become part of the lease and supercede any inconsistent provisions in the lease form.

## **What are the terms of the sale?**

8. **Withdrawal:** We reserve the right to withdraw any or all parcels from the sale before the auction begins. If we withdraw any parcels, we will post a notice in the Public Room at the Eastern States Office. You may also get the numbers of withdrawn parcels by contacting Sherlena Clark at (703) 440-1552. If we cancel the sale, we will try to notify all interested parties in advance.

9. **Payment:** You cannot withdraw your bid; it is a legally binding commitment to sign the lease bid form; accept the lease; and pay on the day of the auction the bonus bid, the first year's rent, and an administrative fee. The bonus bid is a deposit of at least \$2.00 per acre or fraction thereof. The first year's rent is \$1.50 per acre or fraction thereof. The administrative fee is \$75 per parcel.

You must pay minimum bonus, first year's rental and administrative fee by 4:30 p.m., at the Eastern States accounting office. You may pay the entire amount of your bid on the day of the auction, but if you don't, **you must pay the balance by January 3, 2005**, which is the 10<sup>th</sup> working day following the auction. If you don't pay in full by this date, you forfeit the right to the lease and all money you have paid us. If you forfeit a parcel, we may offer it for sale at a later auction.

10. **Form of payment:** You can pay by personal check, certified check, money order, or credit card (VISA, MASTERCARD, AMERICAN EXPRESS, or DISCOVER). Checks are made payable to: **Department of the Interior–BLM**. We do not accept cash. If a check you have sent us in the past

bounced (been returned for insufficient funds), we will require that you give us a guaranteed payment, such as a certified check.

11. **Bid form:** Successful bidders must submit a signed competitive lease bid form (Form 3000-2, Nov. 2001) with their payment on the day of the auction. This form is a legally binding offer by a prospective lessee to accept a lease and all applicable terms and conditions. We recommend you get the form and complete part of it before the auction, leaving part to be filled out at the auction. Your completed bid form certifies that you are qualified to be a lessee under our regulations at 43 CFR Part 12 and Subpart 3102.5-2. It also certifies that you comply with 18 U.S.C. 1860, a law prohibiting unlawful combinations, intimidation of or collusion among bidders.

12. **Issuance of a lease:** We (the BLM) will issue your lease within 60 days of the sale date by signing the lease form provided you have paid your fees and rent. The effective date of a lease is the first day of the month following the month in which we sign the lease. We can make it effective the first day of the month in which we sign it, if we receive your written request before we sign the lease.

### **How do I file a noncompetitive pre-sale offer?**

Under our regulations at 43 CFR 3110.1(a), you can file a noncompetitive pre-sale offer for lands that –

13. are available;
14. have not been under lease during the previous one-year period; or
15. have not been included in a competitive lease sale within the previous two-year period.

If no bid is received on them, your pre-sale offer gives you priority over any offer filed after the auction. In the list of parcels attached to this notice, we have used an asterisk to mark any parcel that has a pending pre-sale offer. By filing a pre-sale offer, you are consenting to all terms and conditions of the lease, including any stipulations for listed on the attachment to this notice.

### **To file a pre-sale offer, you must send us:**

16. a standard lease form (Form 3100-11, June 1988 or later edition), which is properly filled out, as required by Federal Regulations under 43 CFR 3110. (**Note: You must copy both sides of the form on one page. If you copy the form on 2 pages, we will reject your offer. We will also reject offers on obsolete lease forms.**);
17. the first year's advance rent in the amount of \$1.50 per acre or fraction thereof; and
18. a nonrefundable administrative fee in the amount of \$75.

**NOTE:** You cannot file a pre-sale offer for any lands included in the parcel list attached to this notice.

### **How do I file a noncompetitive offer after the auction?**

You may be able to get a noncompetitive lease for a parcel we offered if –

19. we did not withdraw it from the sale;
20. it did not receive a bid; and
21. it does not have a noncompetitive pre-sale offer pending.

Parcels that meet all these criteria are available on a first-come, first-served basis for two years from the date of the auction. If you want to file a noncompetitive offer for an unsold parcel immediately after the sale or on the next business day, give us the items listed above under pre-sale offers in a sealed envelope marked "Noncompetitive Offer." We will provide drop boxes at the Eastern States accounting office. We consider all noncompetitive offers that we receive on the day of the sale and the first business day after the sale as filed at the same time (simultaneously). Where an unsold parcel receives more than one simultaneous filing, we will hold a public drawing to determine who will get the lease.

**Where can I get copies of BLM forms?**

Click here for BLM forms: <http://www.nc.blm.gov/blmforms/>.

**When is the next sale scheduled?**

The next sale is tentatively scheduled for March 24, 2005.

**Who should I contact if I have a question?**

For more information, contact Sherlena Clark at (703) 440-1552.

**FUTURE INTEREST PARCELS**

Parcel ES-011-12/04 is subject to the following terms and conditions:

Prior to the effective date of the future interest lease, or as soon thereafter as practical, the successful bidder will be required to join any existing private unit agreement. If unable to join, a statement giving satisfactory reasons for the failure to enter into such agreement(s) must be filed with the Bruce Dawson, Field Manager, Jackson Field Office, 411 Briarwood Drive, Suite 404, Jackson, Mississippi, 39206. If such a statement is acceptable, the lessee shall be permitted to operate independently. Where the terms of the private unit agreement are in conflict with Federal regulations, the Federal regulations shall prevail.

Where a parcel is subject to a Federal communitization agreement (CA), the successful bidder will be required to join the Federal CA by joinder prior to the effective date of the lease.

The successful bidder, if not the present operator, is responsible for making a separate agreement with the present operator for compensation for improvements made on the leasehold. The United States will not be a party to, nor be involved in, negotiations for or review of such agreement.

By the effective date of the future interest lease or as soon thereafter as practical, the successful bidder shall furnish the BLM Jackson Field Manager a copy of all approved State of Arkansas permits or other well-related information on all existing wells located on the future interest leased lands. The information includes but is not limited to applications for permit to drill, well completion reports, sundry notices, and site facility diagrams.

On and after the effective date of the future interest lease, all wells located on the future interest leased lands shall be subject to Federal oil and gas regulations, Federal onshore oil and gas orders, and notices to lessees. Applicable Federal regulations include, but are not limited to, the Oil and Gas Operations Regulations at 43 CFR Part 3160 and the Minerals Management Service Regulations concerning Royalty Management 30 CFR Parts 200 through 243.

On and after the effective date of the future interest lease, all wells which share in allocation of production with the future interest lease shall be subject to the Federal oil and gas regulations, Federal onshore oil and gas orders, and notices to lessees as they pertain to production accountability. Applicable regulations are cited above.

Lease operations are expected to be in compliance with all Federal regulations, orders, and notices concerning production accountability on the effective date of the lease. A 90-day grace period will be allowed for compliance with Federal regulations, orders and notices which are not related to production accountability.

For wells producing on the effective date of the lease and on which royalty is due anywhere on the lease site or allocated to a lease site, the lessee/operator shall notify the BLM Jackson Field Manager not later than the fifth business day after the effective date of the lease by letter, sundry notice (Form 3160-5), or orally followed by a letter or sundry notice, of the date on which such production began, which is the date of the lease. For wells not producing on the effective date of the lease, such notification of production is required by no later than the fifth business day after the well begins production (43 CFR 3162.4-1(c)).

On the effective date of the lease, the lessee/operator shall inventory stocks of liquid hydrocarbons on hand and/or install new gas charts. Monthly reports of operations (Form MMS-3160) are required for all operating leases beginning on the effective date of the lease. Reports shall be filed with the Minerals Management Service, Production Accounting Division on or before the 15<sup>th</sup> business day of the second month following the operations month (43 CFR 3162.4-3).

The successful bidder is advised to contact the BLM Jackson Field Manager at the above address or by telephone (601-977-5400), prior to the effective date of the lease so that a courtesy inspection may be conducted to ensure accountability of Federal production and compliance with Federal regulations, orders, and notices.

**BOND INFORMATION:** A lease bond (43 CFR Subpart 3104) in the amount of not less than \$10,000 conditioned upon compliance with all terms and conditions of the lease must be furnished prior to entry and commencement of lease operations. If the lease has a producing well and/or ancillary facilities on the effective date of the lease, a bond or evidence of a sufficient existing Federal oil and gas lease bond is required on the effective date of the lease. If the lessee has a Federal Nationwide bond, or a Statewide bond for the State of Arkansas, no additional bond under the provisions of 43 CFR Subpart 3104 will be required.

**LEASE INFORMATION NOTICE**

**Description of Lease Notice**

A cultural resource survey may be required for all areas proposed for surface disturbance at the time an Application for Permit to Drill/Notice of Staking is filed. Cultural resource surveys may also be required prior to the start of subsequent well operations that involve surface disturbance. The lessee must contact the authorized officer of the Bureau of Land Management (BLM) to determine the extent and type of survey required. Mitigation measures or relocation of the proposed activity may be necessary to avoid disturbance of cultural sites. The need for mitigation or movement will be based on consultation between the BLM, the Michigan State Historic Preservation Office, the affected surface owner or agency, the lessee and the Advisory Council on Historic Preservation.

## NATIONAL FORESTS IN MISSISSIPPI

### LEASE NOTICE 03

All or part of the leased lands may contain animal or plant species classified under the Endangered Species Act of 1973, as amended. Other species may have been identified as sensitive in accordance with Forest Service Manual 2670 and be listed on the current Regional Forester's List of Sensitive Plant and Animal Species. Further information concerning the classification of these species may be obtained from the authorized Forest Officer.

Exploration and development proposals may be limited or modifications required if activity is planned within the boundaries of a threatened, endangered or sensitive plant or animal species location as it then exists. All activities within these areas must be conducted in accordance with existing laws, regulations and the Forest Land and Resource Management Plan guidelines.

### NOTICE TO LESSEE 04

All or part of the leased lands may be classified as wetlands in accordance with Executive Order 11990, "Protection of Wetlands" or a floodplain in accordance with Executive Order No. 11988, "Floodplain Management." Further information concerning the classification of these lands may be obtained from the authorized Forest office.

All activities within these areas must be conducted in a manner to minimize adverse impacts to the resource values and in accordance with the Forest Land and Resource Management Plan guidelines.
